

State of Michigan Perfins (M) and (S)

Bill Allen (#629)

The State of Michigan has stopped folding sheets into three rows before punching them. This creating many mirrored pairs. They are now folding the sheet in half and punching three rows, tuing the sheet and punching 3 rows. The third row on the second punching does not show on the third punch except in the selvedge where one exists.

As a result, it is now possible to obtain a pair with one stamp upright and the other inverted
